The CAPIC Chelsea City – Wide Special Summer Camp Program (CCWSSP) was created for the purpose of helping families to continue working and/or meet their educational goals. CAPIC provides a program that meets the fundamental needs of school-age children and their families during the summer months when public schools are out of session. The CCWSSP is a multicultural educational/recreational program for youth between the ages of 5 to 13. The program allows families to continue their daily work schedule to meet the needs of their family. This necessary service for children and their families provides the quality of experience needed for normal childhood development. Youth receive a positive and rewarding summer camp experience, and develop life skills in a positive, healthy and fun environment becoming more responsible and independent.
